Centers of Excellence

## ***“Tuality Anticoagulation Clinic” Becomes an Anticoagulation Center of Excellence***

“Tuality Anticoagulation Clinic” is pleased to announce that we have passed the **AC Forum’s** assessment program, and can be considered **an Anticoagulation Center of Excellence**. The rigorous assessment gave us the chance to measure our practice against five key areas of patient care. The program also gives us ongoing access to a rich library of resources providing guidelines and tools to keep up with the changing field of anticoagulation.

Participation in this program demonstrates Tuality Anticoagulation Clinic’s ongoing goal to achieve the highest level of care and the best possible outcomes for our patients on antithrombotic medications.

The Anticoagulation Forum is a multidisciplinary non-profit organization with a mission to improve the quality of care for patients taking antithrombotic medications. To explore the program visit:
